BOARD OF SCHOOL DIRECTORS · NOVEMBER MEETING

How are our students doing?

Shikellamy School District · Northumberland County · 2026-27

CSIU District Insights
Prepared October 20, 2026

Prototype — sample data. District and state figures are real public data; benchmark, wellness, and referral figures are synthetic.

A plain-language summary of four questions the board asked us to track. Student-level details are never shown in this report.

Are students coming to school?

69%

of students are attending regularly (missing less than 10% of days).

! Needs attention

Are students safe and well?

72%

of students report feeling safe and connected at school.

! Needs attention

Are students learning?

36%

of students are on track on fall reading and math benchmarks.

! Needs attention

Are behavior concerns going down?

13%

more behavior referrals than at this point last year.

! Needs attention

Compared with last year

Same point in the school year

Students attending regularly		**Down 8 points**
Last year	77%	
This year	69%	
On track in reading and math		**Up 1 points**
Last year	35%	
This year	36%	
Students feeling safe and connected		**No change**
Last year	72%	
This year	72%	

What we're doing about it

Actions the administration has started this year

Grade 9 attendance focus. Attendance team review of the 31 students before winter break. With CSIU attendance improvement consultation.

Faster start for Check-In/Check-Out. Set a two-week start target for new Check-In/Check-Out referrals. With CSIU PBIS and I-MTSS coaching.

More wellness support at Chief Shikellamy. Add a Tier 2 coping skills group; share results with the school counselor. With CSIU behavioral health services.

Are our investments paying off?

Students who received each support compared with similar students who did not

School-based counseling

75%

of students improved, compared with 29% of similar students without it

32 students served · Funded by Project AWARE

Restorative practices

70%

of students improved, compared with 32% of similar students without it

33 students served · Funded by District

Tier 2 coping skills group

62%

of students improved, compared with 29% of similar students without it

21 students served · Funded by Project AWARE
