What the model is seeing

Patterns compared to this district's 3-year history and similar districts in the region

ATTENDANCE · CONFIDENCE MEDIUM

Grade 9 absences are rising faster than any prior year

31 grade 9 students at Shikellamy HS have already missed 8 or more days. Their absence rate is 10.7% versus 8.1% for the same students last year. In past years, this pattern came before a rise in course failures by spring.

Next step: Attendance team review of the 31 students before winter break.

CSIU attendance improvement consultation

INTERVENTIONS · CONFIDENCE HIGH

Check-In/Check-Out is working best when started early

Students who began Check-In/Check-Out within two weeks of being flagged improved at nearly twice the rate of those who started later (80% vs. 33%, 27 students last year).

Next step: Set a two-week start target for new Check-In/Check-Out referrals.

CSIU PBIS and I-MTSS coaching

WELLNESS · CONFIDENCE MEDIUM

Anxiety and mood screening scores are up at Chief Shikellamy

Students screening moderate or high rose from 30.9% to 32.6% between last fall and this fall. Nurse visits for stomachaches and headaches (317 so far) rose at the same time.

Next step: Add a Tier 2 coping skills group; share results with the school counselor.
